

What do all these people have in common?

All of us are registered teachers who have chosen teaching as our profession.

We teach in schools across Tasmania. Some of us began teaching this year, some more than 40 years ago. All of us are passionate about our teaching because we are making a difference.

Have you thought about teaching as a career? Join us and you too can make a difference.

World Teachers' Day

28 OCTOBER 2005

The Teachers Registration Board: proudly promoting the teaching profession
